

# Homoeopathy

**STEP 2010** Enter the New Age of Holistic Homoeopathy

## The 11th **JPHMA** Congress in Tsukuba

Why do people suffer from disease?

- the causes of disease -

How can people help themselves to recover from it!

- the cases cured by homoeopathy -

Homoeopathy improves self healing power

Chairperson of JPHMA Homoeopath **Torako Yui**

### Special Guests

**Gwyneth Evans**  
Chairperson of International Council for Homeopathy

**Stephen Gordon**  
General Secretary of European Central Council of Homeopaths (ECCH) and ICH

### Guest speakers

**Akira Ikegawa**  
Director of Ikegawa obstetricians & gynecologists clinic

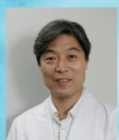

**Tetsuhide Noguchi**  
Head director of JPHMA Japan Chairperson of Medox group

**Takeshi Sako**  
Surgeon, Department director of Integrated medicine at St Marguerite Hospital

**Koki Osugi**  
Principal of Blood circulation treatment

**Masayuki Niwa**  
Director of Niwa clinic

**Keiichi Saito**  
Psychological counselor, A lecturer of ECHOM, Aihour

### Case Presentations by professional homoeopaths

**Yukiko Kobayashi**

**Toshiko Nishida**

**Akemi Yahata**

**Seiko Kozonoi**

**Mariko Sasaki**

**Tomoko Ito**

**Keiko Matsuo**

**Sachiko Okamoto**

**Terue Asano**

### HOP 2009 Great success! "Possibility of Homoeopathy"

The 10th JPHMA congress was successfully held on the 13th & 14th of September 2009 at Kyoto International Conference Hall. The theme was "The possibility of Homoeopathy" and the conference was filled with excitement of the over 850 of the participants. We invited the diversity of guests such as Mr. George Dimitriadis from Australia who is a world-leading expert in the study of Hahnemann, Takeshi Sako, M.D. from St. Marguerite Hospital and Keiichi Saito, psychological counselor. The program contained more than 100 of case reports by homoeopaths including Ms. Torako Yui, the chairperson of JPHMA, the subjects were 'inner child' and 'developmental problem' and the others who are active throughout Japan. And thus the congress was great and filled with good energy.

### JUMP 2011

### The day world's homoeopathy associations unite as one

8th Oct 2011 The 12th JPHMA Congress

9 - 10th Oct 2011 ICH&JPHMA The 1st International Homoeopathy Conference

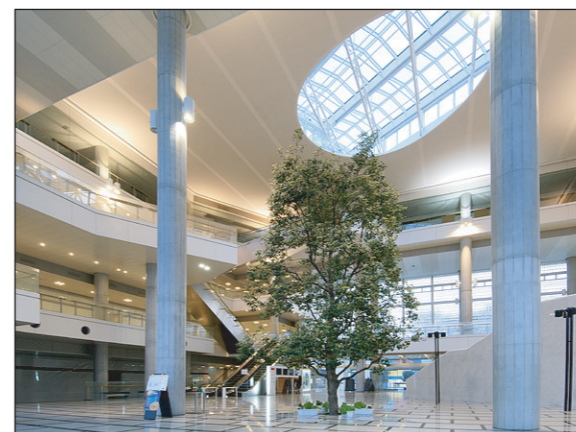

At Tsukuba International Congress Centre

Hosted by International Council for Homeopathy (ICH)

Japanese Homoeopathy Foundation & Japanese Homoeopathic Medical Association (JPHMA)

The first ICH and JPHMA International Conference is going to be held at Tsukuba International Congress Centre on 9-10 October 2011! We are expecting hundreds of homoeopaths around the world on that day. JPHMA congress this year is regarded as a preceding event. The concept is 'Homoeopathic integrated medicine'. We will focus on how allopathy, other medicines to stimulate self-healing ability and homoeopathy could get together. This year congress will become a big milestone for homoeopathy in Japan to get over antagonism such as between classical homeopathy and practical homoeopathy or medical doctor homoeopaths and non-medical doctor homoeopaths.

### How to get there

#### Tsukuba International Congress Centre

2-20-3 Takezono Tsukuba-shi Ibaraki, Japan  
<http://www.epochal.or.jp/eng/access/>

Chairperson, JPHMA  
Homoeopath Torako Yui

## We have self healing power in our bodies. Homoeopathy helps you heal on your own.

The Japanese Homoeopathic Medical Association (JPHMA) is an organisation dedicated to education and research in the field of homoeopathy; we recognise and advocate the uses of homoeopathy as an integrated medicine used by more than a billion people worldwide. This congress shows various cases cured with their own healing abilities through homoeopathic consultations by JPHMA member homoeopaths all over Japan. In order to make the possibilities and results of homoeopathy, which can deal with mind and body, to be known widely, our congress is open to general public as well as all Japanese homoeopaths. We have also invited medical doctors and other healthcare practitioners, who treat their clients with their own methods in addition to conventional medicine for presentation.

**STEP 2010**  
Enter the New Age of Holistic Homoeopathy

The 11th **JPHMA Congress** in Tsukuba Program

Sat 25 Sep 2010			Sun 26 Sep 2010

## Special Guests

**Gwyneth Evans** Homoeopath, Chairperson of International Council for Homeopathy (ICH)

Gwyneth's homoeopathic education began when she studied at the London College of Homeopathy. On return to New Zealand she established her private practice in Tawa 1987 and then went on to found the Wellington College of Homeopathy where she continues as Principal and tutor, with a particular interest in clinical coaching and mentoring. She is also a Life Member of the New Zealand Council of Homeopaths.

**Stephen Gordon** Homoeopath, General Secretary of European Central Council of Homeopaths (ECCH) and ICH

Stephen has practised homoeopathy for 30 years since completing his education in 1981. He served as a director of the Society of Homeopaths in the UK from 1981 - 2000 and was its Chairman for five years from 1985 - 1990. He was a founder member of ECCH in 1990 and of ICH in 2007 and has been General Secretary for both organisations since their inception.

## Guest Speakers

**Akira Ikegawa** Director of Ikegawa obstetricians & gynecologists clinic

Dr Ikegawa made a presentation on 'Memory in the womb' to a national assembly of research and health physicians (Zenkoku hokenidantai rengo iryo kenkyu shukai) which attracted a great deal of media coverage across Japan. He now works on reforming the practises of modern childbirth and in collaboration with a member of JPHMA, is examining ways to restore natural child birth to Japanese society.

**Tetsuhide Noguchi** Head director of IHMA Japan (Non profit making organisation), Chairperson of Medox group

First-class registered architect, Medical management consultant, Managing director of Institute of Japan medical management Co Ltd, Board director of Noguchi medical research institute. Running both hospital management training and hospital administration training schools. At the beginning of 2010, Mr Noguchi wrote a report entitled "Reform in medical nursing and welfare integrated medicine", which Mr Hatoyama, the former Japanese Prime Minister, suggested. This is one of many titles he has written on the subject of the national health service and hospital management. Regarding healthcare as a holistic process involving medicinal, mental health, lifestyle and care components, Mr Noguchi has used his role as a director of IHMA to introduce homoeopathy, and the chairperson of JPHMA, Torako Yui, to a spectrum of health professionals and conferences.

**Takeshi Sako** Surgeon, Department director of Integrated medicine at St Marguerite Hospital

As the department director of Integrated medicine at St Marguerite Hospital since 2008, Dr Sako has been practising Dr Kikuo Chishima's "Neo-Haematology" in conjunction with homoeopathic consultations by Torako Yui. His text "in order to overcome cancer has made him popular at cancer-related seminars and meetings of patient support groups. He recently published a new book "Secret of haematology". Dr Sako also teaches pathology, emergency care and Dr Chishima's neo-haematology at the College of Holistic Homoeopathy (CHhom).

**Koki Osugi** Principal of Blood circulation treatment

Ph.D in Health science, Instructor of diet (NPO Nihon integrated medicine), enhancing natural healing ability A leading person of blood circulation treatment in Japan A member of Nihon holistic medical association. Mr Osugi has written numerous books on the circulatory system. He is a lecturer on the subject for CHhom as part of their holistic homoeopathy course.

**Masayuki Niwa** Director of Niwa clinic

Graduating from Yokohama medical university, Dr Niwa went on to study at the University of California, San Diego. He established Niwa clinic in 1988. A believer in utilising integrated medicine to enhance the body's natural healing abilities, Dr Niwa has achieved good results in the treatment of cancer, diabetes, atopic eczema and other persistent cases. The author of a study explaining how to treat atopic eczema without steroids. Dr Niwa will join the conference for a panel discussion.

**Keiichi Saito** Psychological counselor, A lecturer of CHhom, Authour

Having studied philosophy and psychology, Mr Sato developed a detailed knowledge of the relationship between psychology and integrated medicine through his experiences working as a psychological counselor in a hospice.
